Why Restaurants?

Simple. Restaurants welcome this free item to give away to customers and increase business.

They also live or work in the **same neighborhood** as the restaurant (and therefore their business). Advertisers are able to get in front of customers for less than \$0.30 cents each.

Why Magnets?

It's the **BEST** placement for both the take-out menus and the ads, not in a drawer to be forgotten or tossed out. No better placement than in **full view 24/7/365**.

Magnets are different as they have another **use**, they can hold up notes, pictures of your kids/grandkids, etc. so they tend to **“stick around”** for a very long time.

There is no better value than years of exposure in a household for less than \$0.30 per Ad.

Longevity. Check the oldest magnet on your own refrigerator. How long has it been there? 1 year? 3 years? Or longer? Magnetic Menus in a home with a family of 4, means each ad will be getting between 40 to 50 impressions per day or 1,200 to 1,500 per month, which gives each marketing message between 14,600 to 18,250 impressions per year..!

The advantage is great for the restaurants and the businesses to gain more local exposure. The **Magnetic Menus** actually increase their take-out business. This results in more profits!

Restaurants depend on deliveries now more than ever. Uber eats, GrubHub, etc. take a significant percentage of take-out orders and restaurants need a way to get more orders directly. The **Magnetic Menus** are perfect for increasing orders and revenue.

Business Model

You provide 1,000 Magnetic Menus to restaurants FREE OF CHARGE. The ad sales cover the cost of the magnetic menus and your profits.

This is a simple, easy, lucrative business that can be done by anyone with basic people skills. There are 5 simple steps to earning huge profits.

1. **Find a restaurant** to give 1,000 FREE **Magnetic Menus** to, at absolutely no cost to them.
2. **Sell up to 10 ads** to local non-competing businesses.
3. Collect your payments.
4. Send us payment and artwork for your project.
5. Keep a huge profit!

It's That EASY! Most projects can be **sold out in 3 to 5 days** from start to finish and you'll earn big profits from your simple effort.

Even if it takes up to 2 weeks to complete a project, that's over \$50k a year for part time work.

A few things to know about this opportunity:

MagMenus.com

- **No deadlines** or artificial time constraints like periodical publications.
- Work your **own schedule**. Full-time or part-time

FAQs

Q. Do I need a business account or DBA to get started?

A. No, you can have the advertisers make their payments out to you personally but this does not give a professional business appearance.

Q. Do I need to take credit cards?

A. Yes. It's not a necessary, however it is highly recommended to ensure your success as many businesses and customers utilize credit cards for payments.

Q. Do I always have to sell 10 ads.

A. No, but 10 ads maximizes your profits per project. We will publish menus with any number of ads requested.

Q. Do I always have to publish 1,000?

A. No, but it's the most popular quantity to give the advertisers the best value for their money and it's also the most profitable for you. You can publish 500 and sell the ads for less if you're working a smaller market. We can provide you with pricing on 500 if desired.

Q. What is the average time to complete a project?

A. 3-5 days is average. 3-4 is optimal. We suggest not taking over 5 working days per project.

Q. What if the restaurant has a large menu that won't fit on our magnetic menu?

A. In that case the restaurant owner should select JUST the items he wants highlighted on the menu. Restaurant owners know what their best-selling take-out items are.

Q. Do you ever call on "chain" restaurants?

A. We have had a few menus in some very popular chains, but we suggest that dealing with local and regional restaurants, it is easier and more profitable.

Q. How much profit can I make?

A. Make \$1,000 a week or more. (See Magnetic Menu Income Potential - page 4)

Q. Can I hire others to work for me as a salesperson?

A. Yes. You are a business owner/distributor and can certainly hire others (if you like). This allows you to do more projects and make more profit.
